Our mission

Adobe is changing the world through digital experiences.

Adobe is virtually everywhere you look. Whether it's a mobile application, a Facebook game, a YouTube video, a print ad, a logo, an e-commerce business, an e-magazine, or an online banking application, chances are, it was touched by Adobe technology.

We have always been a leader in creating engaging experiences through the content creation and delivery ecosystem. Since 1982, we have empowered businesses to reach consumers on any computer, browser, or device — in sync with the latest technologies and platforms.

Adobe is the global leader in digital marketing and digital media solutions. Our tools and services allow our customers to create groundbreaking digital content, deploy it across media and devices, measure and optimize it over time, and achieve greater business success. We help our customers make, manage, measure, and optimize their content across every channel and screen.

Our values

These four values define **WHO WE ARE**. Let them come through in all that you do. Consider them in your daily work and actions—with customers, prospects, and team members.

Genuine

We are sincere, trustworthy, and reliable. Operating with integrity, being ethical, and treating others with respect is at the heart of Adobe's culture.

Exceptional

At Adobe, good enough is not good enough. We are committed to creating exceptional experiences that delight our employees and customers.

Innovative

We are highly creative and strive to connect new ideas with business realities. Ideas are welcome from everyone in the company.

Involved

People are our greatest asset. We are inclusive, open, and actively engaged with our customers, partners, employees, and the communities we serve.

Our personality tenets

These five tenets define our brand tone, personality, and **HOW WE EXPRESS OURSELVES** in all verbal and written communications.

Clean

Simple design and language is a sign of respect for our customers—respect for their work, time, and process.

If you think about it, simplicity is a common courtesy.

Captivating

Through smart use of design and data, we create content that captivates, and that means designing for the end user, making it as personal as possible.

Creativity and precision are at the heart of all we do. Everything we put out into the world should be equally inspiring and relevant.

Inspiring

Our enthusiasm about the future, and what's possible, is what energizes our company and each one of us.

A sense of wonder and enchantment is infused into everything we say, do, and make.

Community

We've committed to a highly collaborative relationship with the creative and professional marketing community. Sometimes we educate; sometimes we simply participate alongside them.

The community is the creative firepower, and we exist to share with them—share tools, ideas, and successes.

Forward

We challenge ourselves and others to aim higher and never settle. Boldness, unexpectedness, and optimism drive us forward, inspiring new categories and tools.

As a tech company with creativity at its core, we have a responsibility to be cutting edge.

Tenets: Clean

"Everything should be made as simple as possible but not simpler."
— Albert Einstein

DESIGN SUCCINCTLY

One clear graphic is better than a few abstract images. And 10 clear words are better than 20 muddy ones.

GET OUT OF THE USER'S WAY

We're here to help people be productive, so let's not block their path with any superfluous functionality, design, or lingo.

LET USERS DRAW THEIR OWN CONCLUSIONS

They can decide if it's amazing. Simply inspire them to experience it—don't tell them what to think.

LIMIT SUPERLATIVES AND HYPERBOLE

Which can be tough. Because you may be working on something that's the best... version... ever. But the truth is, it's better not to boast. Hey, nobody likes the kid who walks around bragging about himself all the time.

VISUAL TIPS

DESIGN WITH CLARITY

Design what you intend to communicate in the most straightforward and clean way.

VERBAL TIPS

BE CONVERSATIONAL

Use an apostrophe.

BE CONCISE

If you can't say it in 140 characters... you get the point. Be economical. Say it once, say it well, and move on.

SHOW, DON'T TELL

A picture is worth a thousand words.

Tenets: Community

"If you want to go fast, go alone; if you want to go far, go together."
— African proverb

OPEN UP

Invite users in and engage them as equals, and the brand will come to life even more vibrantly. Opening up the Adobe logo to interpretation is a great example of this.

LEAD & LEARN

On one hand, we're thought leaders; it's our responsibility and privilege to share our knowledge with the world. On the other, it's about championing our users; by helping marketers reinvent themselves, we, in turn, continually reinvent ourselves.

CO-CREATE

Elevate and amplify our collaborators so that they get visibility and credit.

BE A GOOD LISTENER

Be so attentive, so curious, so open-eared and open-minded that you soak up not just the words or the content or the idea, but what was actually intended.

CREATE A DIALOGUE, NOT A MONOLOGUE

Respect for our customers means a multivoice conversation, not a one-sided one. (Remember what we said about the guy who talks about himself all the time...)

RESPECT THE USER JOURNEY

Allow for growth and discovery, but don't overwhelm; keep the story focused.

VISUAL TIPS

ENABLE LEARNING

Create opportunities for education, conversation, and thought leadership across the digital media and marketing industry.

COLLABORATE WITH THE COMMUNITY

Invite participation and exploration.

ALWAYS GIVE ATTRIBUTION

Attribute the work properly; give credit where credit is due.

VERBAL TIPS

EMBRACE PARTICIPATION

Champion the original work of our customers and community.

TWO WAY CONVERSATION

Cast a wide net for ideas, and be open to what you get back in return.

Tenets: Captivating

"The world is but a canvas to our imagination."
— Henry David Thoreau

SWEAT THE SMALL STUFF

Tiny details add up into an industry-changing whole.

DON'T COMPROMISE

Especially when it comes to design.

KEEP IT REAL

Speak and act in a way that feels natural, comfortable, and complementary to how people think.

TELL BIGGER STORIES

Be discerning and create awe. Make it a story, communicate the big picture, and always have a narrative thread that your audience can relate to.

VISUAL TIPS

EXPRESS WITH EXAMPLES OR DEMOS

It's amazing how powerful and resonant a well-designed experiential piece of communication can be.

SHOW EXPERIENCES

Be human, be contextual. We create tools that people use with their hands, so the idea of personal connection should shine in all we do.

VERBAL TIPS

HAVE A CLEAR POINT OF VIEW

Assume our audience is contemporary, intelligent, media-savvy, and thoughtful—no over-explaining or marketing speak required. Present information hierarchically—know what's important and what's less important.

PERSONALIZE FEATURES

Help people see the possibilities of our features. Make it matter, make it human.

BE CONVERSATIONAL

Speak like you're explaining to a friend or relative.

INFUSE PERSONALITY

Adding some personality, especially to headlines is a clear way to sidestep corporate jargon.

Tenets: Forward

"The greater danger for most of us lies not in setting our aim too high and falling short, but in setting our aim too low and achieving our mark."

— Michelangelo

UP YOUR GAME

If you're not continually improving, what's the point? Just as we slowly disclose more and more of our UI to people as they learn, look to push yourself to do better too.

GET OUT OF YOUR COMFORT ZONE

It's about thinking boldly and broadly—outside the silo. If that means asking for help or collaborating with someone new, go for it.

LET DATA SURPRISE YOU

It's the future of our business. And it has huge potential for creatives and marketers alike.

EMBRACE RISK & TENSION

When you do, it usually pays off. The right tensions help us stay true to ourselves and the user.

VISUAL TIPS

PIQUE CURIOSITY

Understand the power of an image to spark a visceral reaction in the viewer and tickle the mind. Choose images and moments that have a clear POV yet leave the viewer inspired to want more.

PUSH THE PARADIGM

Just as we enter new product categories, we explore new ways to visualize our message and make experiences feel fresh.

VERBAL TIPS

REVEAL NEW TIPS AND IDEAS

Embrace the possibilities when discussing the applications of a product. Doing so encourages interaction.

Use new member onboarding as an opportunity to present ways for them to expand their skills.

TELL FUTURISTIC STORIES

Create forward-looking narratives and content by using our past as the springboard to our future.

Tenets: Inspiring

"The power of imagination makes us infinite."
— John Muir

LET THE DETAILS BE GRAND

Because when you do, the result will almost always be greater than the sum of its parts.

BE RESILIENT

We won't get to future successes without the right failures—and the insights that come from them. You don't have to be perfect, but you do have to be able to bounce back.

KNOW YOUR IMPACT

Anything each of us does, no matter how small, will either help or hurt the company and brand. So go for it wholeheartedly, don't look back (launching Creative Cloud is a great example of this), and don't rest until the user is happy. And hey, we are users too, so we know when we've succeeded or failed.

BE CONFIDENT AND OPTIMISTIC

A company that believes in itself is infinitely more powerful. Speak and act with confidence.

VISUAL TIPS

DESIGN WITH ENTHUSIASM

When you put energy and positivity into your work, it shows.

VERBAL TIPS

PLAY WITH NEW IDEAS AND WORDS

As technology changes, so does the language to describe it. We have to speak in a way that's in line with the current vernacular, but we also have a responsibility, as a thought leader, to be unexpected.

BE PASSIONATELY OPEN-MINDED

Not only is it contagious (you'll inspire your coworkers), but it's also likely to bring positive results, for both you personally and Adobe.

Along these lines, feel free to enumerate the possibilities of a given product or service.
